Breeding Terms For Kelrobin Labradors

All breedings are guaranteed to produce a litter. A litter shall be considered a litter if at least **two live (2) puppies** are whelped.

The stud fee for Flynn is \$2000.

Stud fees will be paid at the time of breeding. If the bitch fails to produce a litter, one rebreeding will be given at the next season. If the original bitch is no longer available to fulfill the breeding, another bitch may be substituted with stud owner's approval. **There will be no refund of stud fees.**

If a bitch fails to whelp or give birth to two living puppies as a result of this second mating, then this agreement shall be terminated and the stud dog owner shall have no further obligations. If ownership of the bitch changes, right of return service shall be at the option of the stud dog owner.

Owner of the bitch agrees to keep the bitch confined and inaccessible to all other male dogs from the start of her heat cycle until the bitch is fully out of heat.

The following items are needed prior to the time of service:

- AKC or CKC Registration
- Four (4) Generation Pedigree
- Color picture of bitch
- Current Negative Brucellosis
- Hip and Elbow Clearance from OFA
- OFA Heart Clearance
- Eye Clearances
- PRA
- HNPK
- EIC
- Dilute gene DNA testing

It is specifically agreed that the stud dog owner is not obligated to sign the application for registration of this litter until the stud fee has been paid in full. Nor is the stud dog owner required to sign the litter application if any of the conditions in this contract have not been followed or if there is a question as to the parentage of the resulting puppies.

The owner of the bitch will be responsible for any expenses pertaining to shipping dogs or chilled semen. These expenses include shipping kits, FedEx charges, Airline Counter to Counter, and shuttle service to the airport. These expenses are to be paid at the time of breeding. Any necessary veterinary fees are the responsibility of the bitch owner and must be paid in full before breeding.

We do not house bitches in season at our home/facility! All breedings are done by Artificial Insemination.

We strongly recommend progesterone testing for all breedings to maximum chances of producing a litter. This includes running progesterone until the bitch has reached at least 10.0 ng to make sure that she has not stalled. Accurate timing is the most critical factor in a successful breeding via shipped semen.

If the semen is to be shipped to the bitch owner, the bitch owner is responsible for all cost related to obtaining and shipping the semen.

The stud owner's veterinarian collects the stud dog and ships the semen to the bitch owner.

The bitch owner must provide their FEDEX account number for shipping fees.

The bitch owner agrees that all puppies not retained by the bitch owner, or co-owned with the bitch owner, shall be sold on limited registration or a non-breeding contract.

None of these puppies will be sold, given away, or placed in any way with a broker, pet store, raffles, commercial breeders or breeders of designer breeds including breeders of silver, charcoal, or any other unacceptable Labrador Retriever color including being placed in a shelter or rescue.

THE STUD FEE FOR THIS BREEDING IS: \$2000.00.

The AKC/CKC litter registration will not be signed by the stud dog owner if the fees are not paid in full.

The bitch is to be confined during the duration of her season. Contact with any other male dog(s) during her season will void the obligation of the stud owner to provide AKC/CKC litter registration.

The stud owner will complete AKC litter registration within two (2) weeks after the date of whelping.

The bitch owner agrees that all puppies not retained by the bitch owner, or co-owned with the bitch owner, shall be sold on limited registration or a non-breeding contract.

None of these puppies will be sold, given away, or placed in any way with a broker, pet store, raffles, commercial breeders or breeders of designer breeds including breeders of silver, charcoal, or any other unacceptable Labrador Retriever color including being placed in a shelter or rescue.

No other terms or conditions of any kind unless states here as follows:

By signing this, the parties below agree to both the breeding terms and the stud service contract.
